START YOUR JOURNEY

IN 3 SIMPLE STEPS

Step 1: Choose your License

Trade License: This type of licence allows the holder to carry out trading activities, including import, export, re-export, distribution and storage of specific products.

You can also opt for an E-commerce license (holders are entitled to trade of goods and service online)

Service License: A service license is geared towards service-oriented businesses and enables an entity to provide services specified in the license.

Industrial License: An industrial license allows the holder to carry out light manufacturing industrial activities, packaging and assembling.

General Trading License: A general trading license allows the holder to trade in general activities including import, export, re-export, store and distribute.

Dual License with DET: This license allows DAFZ companies to apply for DET license without physical office space in the mainland. The business can operate out of DAFZ.

Talent Pass License: This license allows individuals to conduct their freelancing activities within the media, technology, or education industries. It includes benefits such as a visa entitlement and the possibility of leasing a smart office.

Step 2: Choose your Company Type

Branch:

- Representative office
- A foreign company can set up a branch of its existing company in DAFZ
- No share capital required

PLC

- A public limited company with limited liability
- No limit of shares holders
- This type of entity is suited to a company that wishes to list and/or offer its shares (IPO) on a securities market

Freezone Company
